MAX WEBER AND THE THEORY OF MODERN POLITICS

To download **Max Weber and the Theory of Modern Politics** eBook, remember to follow the web link below and download the file or gain access to other information which are have conjunction with MAX WEBER AND THE THEORY OF MODERN POLITICS ebook.

Polity Press. Paperback. Book Condition: new. BRAND NEW, Max Weber and the Theory of Modern Politics, David Beetham, Max Weber's writings on the politics of Wilhelmine in Germany and the Russian revolutions of 1905 and 1917 are much less well known than his contributions to historical and theoretical sociology, yet they are essential to any overall assessment of his thought. Drawing on these writings, still mostly untranslated, David Beetham offers the most comprehensive account available in English of Weber's political theory. The book explores Weber's central concern with the prospects for liberal Parliamentary in authoritarian societies and in an age of mass politics and bureaucratic organization, and shows how this concern led him to a revision of democratic theory which is still influential. It argues that Weber's analysis of the class basis of contemporary politics necessitate a modification in some of the accepted interpretations of his sociology of modern capitalism. A special feature of the book is its full treatment of the extensive German literature on Weber's political thought. This second edition contains a substantial new critical introduction and an expanded bibliography. Otherwise the text of the widely acclaimed first edition remains unaltered. This is a book which adds an essential dimension to the understanding of Max Weber for students of sociology and politics who have previously only approached his work through his sociological writings.
