Why Your Business Needs a Website If you're doing business today online OR offline you need a website. It's that simple. Every day, Google completes more than 5 billion searches. Think some of those people, even just a tiny fraction, might be searching for what you sell. If you don't have a website, how will they ever find you? This book is about setting up your web presence the right way, or optimizing your existing website to reach more visitors. Ultimately it's about generating more traffic, more leads, and more sales and profit for your small business. Who is This Book For? After all, isn't that what it's all about? Why This List? There is no shortage of resources when it comes to getting started online. Some of these are genuinely helpful, and many of those will be mentioned in the pages ahead. But others just want...
