DATA VISUALIZATION & PRESENTATION WITH MICROSOFT OFFICE

SAGE Publications Inc. Paperback. Book Condition: new. BRAND NEW, Data Visualization & Presentation with Microsoft Office, Valerie M. Sue, Matthew T. Griffin, The focus of this book is on turning raw, quantitative data into attractive, well-designed tables and charts that tell an accurate story about the underlying data. Valerie M. Sue and Matthew Griffin's approach is unique in that they discuss theory, for example, how perspective can be used to convey the relative importance of elements in a design, and...

Reviews

It becomes an incredible book which i have ever read through. This really is for anyone who statte that there was not a well worth reading through. You wont sense monotony at at any time of the time (that's what catalogs are for regarding when you question me).

-- **Alf Grant**

This sort of publication is everything and taught me to hunting ahead and much more. Better then never, though i am quite late in start reading this one. I am just very happy to explain how here is the best pdf i actually have read within my personal daily life and can be he greatest publication for actually.

-- **Laverne Farrell**

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.
