Random House LCC US Nov 2000, 2000. Taschenbuch. Book Condition: Neu. 203x130x43 mm. Neuware - Introduction by Robert Reich Commentary by R. H. Campbell and A. S. Skinner Adam Smith's masterpiece, first published in 1776, is the foundation of modern economic thought and remains the single most important account of the rise of, and the principles behind, modern capitalism. Written in clear and incisive prose, 'The Wealth of Nations' articulates the concepts indispensable to an understanding of contemporary society; and Robert Reich's Introduction both clarifies Smith's analyses and illuminates his overall relevance to the world in which we live. As Reich writes, 'Smith's mind ranged over issues as fresh and topical today as they were in the late eighteenth century--jobs, wages, politics, government, trade, education, business, and ethics.' Includes a Modern Library Reading Group Guide 1216 pp. Englisch.
