Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Brand New Book ***** Print on Demand *****.[Greetings Player 1, Game identification; Focus. Welcome to title Game; Street Noise.] [Game definition; you have awoke with no memories of your past. Your memories are scattered throughout an empty city; you must find all fragments of your memory to win the Game.] That is all the main protagonist Focus, has to go on. She wakes up in the middle of a wood in a small clearing, with no clue what she was doing, or how she got there. She soon realizes she s not alone. There are other Players too, like her, who have no idea what s going on either. Monsters prowl through the abandoned cityscape, that seem only content with hunting down Players, and deleting them from the Game. As the Players sense of humanity begins to blur, one thing becomes painfully clear to her; you ll have to be very careful with who you entrust your life to in this dangerous scavenger hunt. Focus doesn t want to take any chances, but how far will she get with all the other Players that are out for themselves? It s a gamble, with your own life as a betting piece, when you ask. Who can you trust?.
